Simla, the 18th August 1911.

Department of Education.
Sanitary.

SIR,

THE Government of India observe that the procedure regarding the inclusion of particulars relating to vaccinations performed by the Special and Dispensary staffs, respectively, in Statement I appended to the annual reports on Vaccination in the different provinces is not uniform and consequently leads to confusion. I am accordingly to request that, [with the permission of

(To Bengal). His Excellency the Governor in Council / His Honour the Lieutenant-Governor (in Council)*] instructions may be issued for the addition to Statement I of a summary showing this information in the manner indicated in the copy of the amended form of the statement which is attached to this letter.

2. In order further that uniformity may be observed in the method of calculating the average cost of each successful vaccination shown in

Statement II appended to the annual Vaccination Report, I am to suggest for the consideration of the Government of Madras / etc., / your consideration that the cost should be calculated on the total number of successful vaccinations and revaccinations performed by the Special Department only and that a footnote to this effect may be inserted in that statement.

3. The Government of India also observe that the word 'persons' has been incorrectly replaced by the words 'vaccinations' and 'cases' respectively in Statements IV and V, / 'operations' in Statement V contained in the report on vaccination in the Madras Presidency / Bengal. As the distinction between the number of persons vaccinated and the vaccinations performed is important and as it is possible that the intention of the altered terms may be misunderstood, I am to ask that the word 'persons' may be reintroduced in these statements before they are published in future Vaccination Reports.

To Madras / Bengal only.

I have the honour to be,

SIR,

Your most obedient servant,

L. C. PORTER,

Secretary to the Government of India.

DIARY No. 1804

1911-1912
SECTION Secretariat
FILE No. 68-11
SERIAL No. 1

To

The Dewan of Mysore

Bangalore, 28th September 1911.

Sir,

I am directed to forward herewith, for information and favour of such action as may be deemed fit, a copy of the marginally-noted correspondence, regarding the case of the people whose huts in the Tannery Road have been destroyed under the Plague regulations in force in the Civil and Military Station of Bangalore.

(1) Letter No. 3124, dated the 22nd September 1911, from the President, Municipal Commission, Civil and Military Station.
(2) Letter No. 5587, dated 12th September 1911, to the President, Municipal Commission, Civil and Military Station.
(3) Letter No. 3393, dated 15th September 1911, from the President, Municipal Commission, Civil and Military Station.

2. There appears to be a danger of a new plague centre being created if these people are permitted to build their huts on the site indicated, and the work of demolition undertaken by the Civil and Military Station

R. O. 2.—R. P. B.—8-1911.—3,000.

Letter No. 3124, dated the 2nd September 1911, from the President, Municipal Commission, Civil and Military Station, Bangalore, to the First Assistant to the Resident in Mysore.

&&&&&&&&&&&&&&&&

I have the honor to report that I have ordered the demolition of 34 huts situated behind the skin Godowns, either side of Tannery Road, on account of an outbreak of Plague.

2. The first case of plague in the locality was reported on 16th July 1911 and up to date there have been 25 attacks and 15 deaths. Immediate action was absolutely necessary, as the locality adjoins the Extension and the Municipal Beef and Mutton Slaughter Houses and the huts were in an extremely rotten condition. I have myself inspected the locality and there are no two opinions as to the necessity for the steps taken. Copies of all the correspondence are submitted for information, together with a plan and a note from the Residency Surgeon.

3. It is estimated by the Municipal Engineer that the compensation claimable for the demolition will average about Rs.15 per hut and cost of levelling about Rs.5/- a hut, in all Rs.680. Major Standage recommends that this amount may be debited to Plague Charges.

4. Article 44 of the Plague Regulations, issued under Notification 829 P, dated Bangalore 24th July 1906, provides that under circumstances such as those now reported "any Officer authorised by the Resident may summarily ~~xk~~ take measures for the destruction of such hut or shed". I can trace no special order authorising me to take such action, but in view of the obvious necessity for immediate action, I directed the demolition in the hope that my action may be approved.

@@@@@@@@@@@@@@@@

Letter No. 5587, dated the 12th September 1911, from the First Assistant to the Hon'ble the Resident in Mysore, to the President, Municipal Commission, Civil and Military Station of Bangalore.

With reference to your letter No. 3124, dated the 2nd September 1911, I am directed to say that, in the special circumstances explained therein, the Resident approves your action in ordering the demolition, under article 44 of the Plague regulations contained in this office notification No. 829 P, dated the 24th July 1906, of 34 huts situated behind the Skin Godowns on either side of Tannery Road.

2. The Resident is also pleased to sanction an expenditure of Rs.680/- towards payment of compensation and for levelling the site. The charge should be met from the provision in the current year's budget of the Assigned Tract under the head "24-B- Medical- Grants for medical purposes-Expenses connected with the Bubonic Plague-Contingencies-Miscellaneous".

Letter No. 3393, dated the 15th September 1911, from the President, Municipal Commission, Civil and Military -- Station, Bangalore to the First Assistant to the Resident in Mysore, Bangalore.

&&&&&&&&&&&&&&&&&&&&&

In continuation of this office No. 3124, dated the 2nd instant, I have the honor to report that the people who lived in the 34 huts in Tannery Road, which have been demolished have transferred the materials of their demolished huts just across the Mysore frontier on the same road for the purpose of building new huts.
